VIRGINIA'S SONS GIVE DANCE

Coast Guards' Uniforms Make "Wallflowers" of Civilians

Many of the Chester Shipbuilding Company's young women employees get only a short sleep last night, but they all say the fun was worth it.

There was a dance at Old Fellows' Hall, Chester, and most of the Virginia coastguards, who protect the shipyard day and night, were there. The guards gave the dance and many of them sported new uniforms to dazzle the girls.

It was a hot warm for dancing, but everybody who could get there straggled around to fast music and had a good time.

The shipworkers also were there pretty strong, but without uniforms, of course, they didn't stand quite as good a show as the guards. Some of the boys in civilian dress thought it too warm to slide, anyway, and crowded a little more heat into the benches. Nobody seemed in a hurry to go home, but it might have been much worse—or later.

The guards all had to be out at five this morning and the shipworkers were not a bit sorry for them. The latter soon went home to get ready for their own, and as they like to see the guards enjoy themselves, they will return the favor and invite them.

Order to "Snap" Pretty Girls Given Hog Island Camera Artist

Hog Island's official photographer has a big job on his hands, but he'll like it all right. This is one of those jobs that only come around once in a while.

The lucky photographer has been ordered to "snap" at least one girl from each State and not to go outside of the big shipyard to do it. It will cover the assignment if everything else goes to the dogs.

They say every State in the Union is represented at the shipyard, and those who wish to be photographed will please communicate with Dr. Anna Young, Administration Building, right away.

Hog Island Girls to Have Own Organization

Hog Island girls have organized and are going to have a club of their own. They have not selected a name for their organization, but its middle name will be "Shipyard."

These girls are unwilling to be at the rear among the socially dead. They want to be in the front and are determined to go and stay when it comes to good times after work.

House parties, shore parties, dances, outings and knitting parties are some of the sports they have planned for the club.

Miss May Albertson has been elected president, Miss M. Leonard, vice president, Miss E. K. Smith, secretary, and Miss M. Schwartz, treasurer.

LAUNCHING OF BIG TANKER

O. T. Waring, 8400-Ton Oil Carrier, to Leave Ways

The 8400-ton oil tanker O. T. Waring will be launched today at the Harriman plant of the Bethlehem Shipbuilding Corporation.

George B. Waring, who is in charge of the launch, is a native of New York. He has been with the company for many years.

Single by Shaw and Huden and a triple by Eddie Foster, which aroused a lot of row in the fifth inning, caused the delay.

Joe Wood and Ray Calcutt, former pitchers, had a few days with the stick yesterday, each getting three hits. Joe Wood played second base, while Calcutt performed out in the field.

This time last season the series between the Red and White Sox was of great importance, but not the present series. The Chicago punch won the second straight by a score of 7-2.

Bob Cunningham, an athletic roster for many seasons, was stationed with the artillery at Fort Rucker.

FULTON-DEMPSEY AWAIT THE CALL

Much-Postponed Battle Is Due to Be Staged at Harrison This Afternoon

HERMAN TAYLOR TALKS

By JAMES S. CAROLAN

After many postponements, delays, setbacks, disappointments and other obstacles that even threatened to call off the boat at the last minute, Fred Fulton, the rangy Minnesota plasterer, and Jack Dempsey, the coast contender, are due to come together at Federal League ball park, at Harrison, N. J., about 3:30 this afternoon.

Fulton has walked into one cancellation after another. It all started when he was matched with Willard, but public sentiment was against the bout, and after much wasted effort all attempts to put on the heavyweight act were abandoned.

Dempsey was not having much difficulty to keep busy, but the moment he was lined up with Fulton his troubles began. They were chased out of the West, came to Bridgeport, Conn., ready to entertain, but failed to impress. They next moved to Baltimore, but there they not only failed to get a permit, but caused the officials to clamp the lid on all kinds of boxing entertainment for the duration of the war.

Blocked at First

Their first attempt to appear in New Jersey was blocked. Chairman Smith being quoted as saying the bout never would go. However, a few weeks ago, it received official approval. Just when the boys had everything clear the Minnesota draft officials butted in and ordered Dempsey then was forced to work overtime to convince the officials that he had abided by the rulings.

Unless something develops between now and 6:30 the boys will get together. The bout will interest, for it is between two of the best men of their weight in the world. The winner doubtless will be matched to meet Willard whenever the public demands a meeting. But a Willard bout will not enter into the limelight until after Fulton and Dempsey settle their little argument.

Promoter Taylor Speaks

"I am, from me, all the boys advised to appear in the all-star show at Shibe Park on Tuesday night will be there," said Herman Taylor, one of the promoters of the big boxing program scheduled for next week. "It is a tough job to keep a line on eight, but we have their forfeit money and contracts. Every man will be in the city by tomorrow night and complete the work here. Some of them will take part in any bout until after Tuesday night."

The fact that Jackson engaged in a bout in Boston last Wednesday night after he had signed to box here on Tuesday aroused the wrath of the youthful promoter. Any kind of an accident would have caused the promoters embarrassment and much added labor. Cline was to box in Jersey on Thursday night, but the moment Taylor heard about it he wired H. Morgan Pollock to keep Cline out of it. Jack Britton was booked to meet Dan Morgan on Tuesday night, but Taylor's work will keep Britton idle.

Battling Levisky and Jack Britton, two of Dan Morgan's boys who box Tuesday, are completing work at Clarence Taubel's training palace at Riverside, N. J.

Berger, Noted Frenchman, in Big Event; Carman May Ride

Leon Berger, a noted French bike rider, who has come to this city with a great reputation as a follower, acquired an American citizenship and will be competing in the annual championship motor race for Frenchmen, which will be held on the local track on Monday night. Berger will ride a new machine, which he rode here in the first time this year tonight. The other riders in the race are Frank Lawrence and Frank Corry. Corry was injured in the big event held recently, but his wounds have healed quickly.

Manager Jack Hoden announced last evening that he is endeavoring to obtain the entry of Clarence Carman, the former American motorcycle champion, to the annual American title event at 100 kilometers, which will be held next Monday night. Carman entered the aviation corps last week and is expected to obtain a two-day furlough to compete. Details of the race will be given tomorrow.

The Men Who Built the Ball Park

GIVES BASEBALL PLAYERS RESPITE

Baker Will Not Enforce Work-or-Fight Order Until September 1

237 MEN ARE AFFECTED

Washington, July 27. Major league baseball was saved from immediate demoralization yesterday and granted a reprieve until September 1 under the "work-or-fight" order of General Crowder.

Secretary of War Baker, in deciding the appeal of the National Commission and major league owners that they be allowed to complete the current season, denied the application for suspension of General Crowder's order until October 15, but agreed to continuance of the sport until September 1.

Secretary Baker announced his ruling in the form of a memorandum to General Crowder. It follows in full: "A petition has been filed for an extension of time within which professional baseball players shall seek employment or productive employment, and the order asked is one which will extend until October 15, 1918. As grounds for this request it is alleged that there are only 237 persons affected by the so-called work-or-fight order, but that, in spite of this small number, their taking would lead to the immediate breaking up of the entire game.

"It is further said that the notice is too short to allow the leagues to adapt themselves to the ruling and that the failure of the clubs to adapt themselves to the ruling is due to the fact that the Secretary of War caused it to be known through the newspapers that the question of the application of the order to professional baseball players would not be decided until an actual case arose.

"A hearing has been had on this subject by the provost marshal general, who has ruled that the order should be discontinued, even if the order is made immediately applicable.

"The purpose of the work-or-fight order, so far as the War Department is concerned, is to strengthen the military forces of the country and not to control the labor situation. Incidentally it will undoubtedly have the effect of increasing the number of persons usefully employed and decreasing the number of persons idly employed. In this way the order will strengthen the military forces by making it less necessary to exempt for industrial reasons men who otherwise would be taken into the military service. This is an indirect result, but one of very great importance, and if exceptions are made or postponements are to be made in the enforcement of this order it will require a very careful study to determine whether those exceptions would lead to a serious shortage of the order, many of whom have already completed their military service and are just out of the trades and occupations which they had previously followed.

"I am impressed, too, by the representation made that the baseball players are in a less favorable attitude by reason of their reliance on my statement that the question of their inclusion in the terms of the order would be decided by the War Department. For these reasons it seems to me entirely proper and fair to extend the time during which the readjustment can take place, merely in order that justice may be done to the persons involved; and I do, therefore, direct that the application of the order be made to date from September 1. This order for the extension to the 15th of October is dated.

"NEWTON D. BAKER, Secretary of War."

PHILLIES PLAY DOUBLE-HEADER

Two Defeats at Hands of Reds Will Cause Tie for Fourth Place

MEET MATTY'S REDS

Christy Mathewson and his crew of big leaguers, representing Cincinnati, moved into this city today to engage our "peppish Phils" in a battle or something for the possession of fourth place in the National League social standing.

The visitors arrived with a do-or-die spirit prevailing. They had quite a hard time of it up in Boston, getting whipped twice yesterday by the overwhelming double of 11-5 and 12-3. As a result of this double reverse and the Phillies' triumph over the league-leading Chicago Cubs the home talent is leading the Reds by a two-game margin.

This margin, however, may be wiped out by an afternoon's work, or, as some would say, nonessential work. The Reds and Phils are due to engage in a double-header at the local ball yard today, the first game starting at 1:45. Two defeats at the home tie, and the visitors will be on equal footing with the Phils.

Even though the Phils broke even with the league-leading Cubs during the series just completed, Manager Moran and the fans are far from satisfied with the showing of the team. The men appear to have lost their ambition and pep. They go out on the field with the idea of not caring when the game is over and who wins. Perhaps they have the wrong idea, but several persons have confessed that the listless play of the Phils has permitted them to enjoy a short nap at the ball grounds.
